ZION HAS ANOTHER SENSATION

Young Man is Allowed to Die of Blood Poisoning Without Medical Aid

JURY ON CASE DISAGREE

Coroner Taylor Makes Investigation After Deputy Coroner Conrad has His Suspicions Aroused

A sensation was occasioned in Zion City Monday morning when the coroner's jury which had been sworn in to investigate the facts which preceded the death last Saturday night of Arthur Reed, 22 years old, of blood poisoning and gangrene which had resulted from a wound inflicted in his arm Nov. 7, when he inflicted a jagged gash from a piece of window glass, disagreed. Five of them were for returning a verdict that the victim had died despite the prayers that had been offered him, but the sixth man, J. A. Parnell of Waukegan, who had been taken to Zion by Deputy Coroner Conrad, held out for a verdict recommending that Dr. LaRose who had been called in, be held on a charge of being responsible for the victim's death.

Monday afternoon the body was taken to Waukegan and placed in the Conrad & Hart undertaking rooms in order that it might be witnessed by a new coroner's jury which is to be sworn in. After being viewed by the new jury the body will be returned to Zion City and a final permit issued, subject to the decision of the coroner's jury.

It develops that Reed died Saturday night and the coroner was notified. He informed Mr. Conrad to preside and the latter made the trip to Zion Sunday morning. It took Mr. Conrad but a few minutes to see that something was wrong somewhere. He heard some of the testimony and then adjourned the inquest until Monday morning at 10. He notified the coroner of the facts and the latter, accompanied by Mr. Conrad, E. M. Runyard assistant state's attorney and Dr. Foley, city physician of Waukegan, went to Zion to complete a work of taking testimony.

Dr. LaRose was called upon the and told of being called in on the case. He said that ten years ago he could have used his knowledge of surgery and medicine to cure for the young man but that now he believes in the efficacy of prayer. He admitted that he had applied tallow and cotton oil to the wound.

brother of the young man was called to the stand and testified that it was his belief that his brother was now safe in the arms of Jesus.

testimony was put on the stand to that two Zion elders were with the victim each day and spent hours in praying over him.

A woman who said she had assisted LaRose in doing up the injured testified that young Reed appeared perfectly satisfied with the treatment given, declaring she said, had placed his faith in God.

CRUSHED UNDER WHEELS OF LOADED WAGON

Gates, aged 27, met instant death Monday morning when a team he was running, throwing him under a wagon which ran over him, his head so that he was dead as he reached him. He had been driving a team belonging to Mr. Dickinson, and was traveling from the pit on the Morris farm a mile and a half from town. The team became frightened and ran away, Gates being some distance. Several persons witnessed the accident at the same time. An attempt to stop the frightened team could be done Gates

INSURGENTS STILL BUSY

Are Lining Up for New Fight in General Assembly Next Month

Insurgent Woodmen are getting lined up for a new fight in the general assembly when it meets at Springfield next month. They hope to persuade that body to write into the laws of Illinois an insurance act which will revolutionize fraternal order methods. It is the hope of the insurgents that members of other societies who are not satisfied with conditions as they exist will join them in this effort to secure legislation.

Immediately after the convening of the assembly in January, the legislative committee of the insurgents will meet at Springfield and arrange for the proper drafting and submission of a bill embodying their ideas on fraternal insurance. Subcommittees will be named and the members of the legislature will be lined up. The insurgents hope to get strong support from the various party factions which make up the assembly.

The proposed insurgent measure probably will contain the following provisions:

The election of all fraternal society officers by popular vote instead of the delegate system.

The submission to a referendum vote of all propositions requiring a change in rates or charter, a two third vote being required to adopt.

The convening of the head camp when an offer is declared vacant or a change is made in the policy of the order, if 10 per cent of the local society requests it.

The changing of the terms of a policy or certificate after issuance without the consent of the member to whom issued shall be a breach of contract and void.

The location of the head offices of the body shall not be changed from one city to another without the consent of a majority of the members on the referendum vote.

These propositions have been approved by some of the leaders of the insurgent movement and they will no doubt meet with the approval of the legislative committee. This committee is composed of one member of the Woodmen from each county in the state.

MRS. CROWLEY IS TAKEN

Passed Away After an Illness of Two Weeks Duration

Monday morning of this week another one of the aged residents of this community was taken from our midst when Mrs. Ann M. Crowley passed to her reward, the cause of her death being cerebral hemorrhage. Two weeks previous to her death she was stricken with paralysis and never recovered from the effects although for a few days she seemed to be on the gain. However the last of the week she began to fail rapidly and her death was daily expected.

The deceased whose maiden name was Ann Wood was born in Cayuga Co., New York, August 29, 1883, and there she was united in marriage to Abraham Crowley on the 12th day of March 1883, and had she lived three months longer they would have celebrated 30 years of married life. Leaving home and friends in the East in the year 1884 they came to Kenosha county, Wis., and have made their home there ever since.

In early life she was united with the Christian church and about twelve years ago united with the Congregational church at Liberty.

She is survived by her husband, one son and one daughter, three brothers and three sisters.

The funeral was held at the home at one o'clock Tuesday afternoon with Rev. Stixrud in charge and the remains were laid at rest in the Liberty cemetery. Many beautiful floral tokens bore silent witness to the high respect in which the deceased was held by the entire community.

Shot by a Rabbit.

Cyril Newman, a schoolboy hunter, is dying in a Hacktistown (N. J.) hospital from shotgun wounds received while rabbit shooting. He had placed his gun on the ground while he opened a trap containing a rabbit. He intended to shoot the captive as it ran away, but the rabbit gave a jump and landed on the trigger of the gun, discharging both barrels.

Candor and Manners.

Pitt was once canvassing for himself, when he came to a blacksmith's shop. "Sir," said he to the blacksmith, "will you favor me with your vote?" "Mr. Pitt," said the son of Vulcan, "I admire your head, but hang your heart." "Mr. Blacksmith," said Pitt, "I admire your candor, but hang your manners."

DANFORTH GETS LIFE SENTENCE

Plead Guilty After Being Put Through Grilling Cross Examination by Dady

206 JURORS SUBPOENAED

This Murder Case has Cost Lake County a Sum Exceeding One Thousand Dollars

The case of the People of the State of Illinois vs. Lemon Danforth, charged with the murder of his common law wife, Lulu Weaver, was opened in circuit court Monday morning. State's Attorney Dady had a mountain of evidence piled up against the negro and was prepared in case of conviction to ask the death penalty.

At 3:15 o'clock the taking of the testimony had been completed, all the witnesses having been heard from, Danforth himself being the last to take the stand. Immediately after he had been put through a grilling cross examination by the State's Attorney, Attorney J. G. Welch, counsel for the negro, requested the court to declare a recess in order that he might have a few words with his client. That this was done in order that he might induce his client to change his plea from that of "guilty" to that of "not guilty" was shown two minutes later when Danforth's head bent and his step uncertain re-entered the court room and announced to the judge that he wished to change his plea from "not guilty" to "guilty to the charge of murder."

Judge Whitney then imposed sentence upon him as follows: "I will sentence you to life imprisonment in the penitentiary, which, in my mind, is a far greater punishment than death. It is my duty to order that you be remanded to the county jail and later be conveyed to the state prison at Joliet. It is my duty to sentence you to one day of solitary confinement and hard labor each year. I hope that the one day of solitary confinement will enable you to reflect on the horror of your crime."

This case has been one of the most sensational and interesting in Lake County in many years and is one of the county's rare murder trials. A jury of twelve was selected with difficulty and not until 206 men had been examined by the court and counsel. Those finally chosen to serve were: Frank Slusser, Shields; John Foynting, Elia; C. G. Holming, Shields; H. G. Schumacher, Cuba; Wm. Rehnb, Avon; Wm. Miller, Antioch; E. Gruber, Cuba; E. L. Dubois, Libertyville; Geo. Martin, Shields; Alonzo Jones, Deerfield; Edward Wagner, Fremont; T. H. Eger, Libertyville.

When the last juror was selected on Saturday morning Judge Whitney adjourned until 9:30 Monday morning when the first witness took the stand.

The twelve jurors selected were not permitted to return to their homes on Saturday night. They were held prisoners at the court with three bailiffs in constant attendance. The three bailiffs selected by Sheriff Elmer Green to guard the jury were West Gray, Homer Cooke and Fred Rudolph.

Each of the 206 jurors subpoenaed received three dollars a day and ten cents per mile for car fare. The case has cost the county over \$1,000.

Her Opportunity.

"I'd like to open a singing school," said the young lady with the squeaky voice, as she stepped from the train at Brecon. "Do you think there is a large field in this community?" "Yesum," drawled the rude farmer on the platform, "thar be a field 40 acres wide back o' the brick-kilns, an' nothin' you could disturb but rabbits and worms."

Pomp in the East.

"I understand the king of Siam has a white elephant." "Yes, and it gave him great prestige until the king of Cambodia visited Europe. He brought back a second-hand taxicab."

Telephones in Theaters.

On the back of each seat of a new London theater there will be coin in the slot telephones to enable persons with defective hearing to listen to what is being said on the stage.

SWAMP LANDS ARE VALUABLE

Estimate of Value of Swamp Land in Lake County is Set at \$275,000

CONSISTS OF 13,000 ACRES

Plats Have Been Made and a Committee Will be Appointed to Fix a Schedule of Rates

The board of supervisors expect to make thousands of dollars for the county from its swamp lands and when the committee on swamp lands sends in its report on the amount of land and the plats of it to the board, a committee will be appointed to look after the sale of it. This committee will arrange a schedule of prices of the different sections of land.

According to the supervisors residing in that section of the county, the land on an average is worth at least \$20 an acre at the minimum which would place its value at approximately \$274,530.80, which is more than quarter of a million of dollars. If a drainage system were installed, it is stated that the land would bring more than \$500,000.

The report of the committee will show that there are 7,657.07 acres of government land not patented, and 6,069 acres of land belonging to the county under the swamp lands act making a total of 13,726.54 acres of land at the disposal of the county. Many acres of this same kind of land have been disposed of at \$1.25 per acre, but in the future this land will be sold at prices much higher than this. The land has all been platted and it is known where every piece of land is located.

Supervisor Edwards of the committee stated, "I have been fighting against the work of selling this land at the small price for the past ten years and I think we have now accomplished a fine piece of work for the county. There is one island of forty acres in Fox Lake which alone is worth \$500 an acre because of its expensive timber, there, being many walnut trees of a rare variety. Some of the land is worthless, but the greater part of it has a great value."

There are many islands in the lake which make beautiful island homes and in many places dikes can be built at a small expense which will keep the water off the land and confine it to a stream."

FORMER RESIDENT OF LAKE VILLA BURIED TUESDAY

The funeral of the late Henry Dayment was held at the Lake Villa church Tuesday morning at 11 o'clock with Rev. Lowrie officiating and with burial in the Lake Villa cemetery.

Mr. Dayment had been a sufferer from a cancer for many months and entered St. Mary's hospital in Chicago on the 10 of last June and there he passed away Dec. 7, 1912 at the age of 52 years.

The deceased was born at Wauconda, Ill., Jan. 23, 1860 and is well known in that part of the county as well as in the vicinity of Lake Villa and Sand Lake although their home has been in Chicago for the past few years. He was numbered among the charter members of the Lake Villa camp, M. W. A., joining when that camp was organized March 26, 1890. He is survived by his wife and three children, Mrs. Maude Nelson, Claude and Bessie.

Their many friends extend sympathy to the bereaved family.

BOARD MEETS TANGLE

When Attempt is Made to Purchase Fleming Place for Sanitarium

The Kenosha county board has found a new muddle confronting it in regard to the site for the proposed Tuberculosis Hospital as District Attorney Hastings appeared before the board and advised the members that it would be illegal for the county to purchase a site in which one of the members of the board was interested. The question was raised before the purchase of the Fleming site was agreed to last week but at that time Attorney Hastings advised the board that there would be no legal bar to the purchase of the property. The law seems to be plain and it provides that no contract may be made with any members of the board for the purchase of anything for the county. Supervisor Fleming of Salem owns a one-fifth interest in the Fleming hill and it is probable that he will arrange to quit claim his interest to one of the other owners of the property and then there will be no bar to the purchase of the site should it be approved by the state board of control. It will, however, be necessary for the county board to rescind its action. It was admitted that under the present action any taxpayer in the county could enjoin the purchase of the proposed site. It is very improbable that such action would be taken but the members of the board will probably reconsider the whole matter with a view of having the purchase when made entirely legal.

VOLIVA CLAIMS CREDIT

Says Automobile Accident was Justification of His Prophecy

Voliva has taken upon himself the credit for the fatal automobile accident in Waukegan Monday evening, when one was killed, another probably fatally injured, and two more seriously hurt. The satisfied statement made by the overseer was that this came as a justification of his prophecy of death to his enemies.

Edward Ferry is dead and Henry Sine probably will die as the result of the accident. Both are among Voliva's most bitter enemies and it was against them and others that Voliva recently issued a vituperative warning of death, a part of which read:

"Unto you tools of the devil, who have turned many houses in Zion City into stinking cesspools by inviting here a lot of lowdown dirty bums—you vile wretches are warned that you cannot do these things and escape the judgment of God. I hereby warn—"

Then followed a list of five names with a pendant "and others."

In his statement of Tuesday night Voliva smugly pointed to a sudden death recently of another of his enemies, whose name, he says, was included in his warning proclamation.

"A few days after I issued my warning, Van Fleet was killed," he said. He met death on the same railway track and on the same spot where he together with others held up the crusaders. Sine and Ferry were with him when he drove to the station and a few minutes after as Van Fleet was driving back to the city a fast train struck him and he was hurled rods from the track. Sine and Ferry took him to a hospital in Kenosha, but he died there in a few hours. And now it is Ferry's and Sine's turn.

WILL EXPEND \$50,000 ON KENOSHA CO. ROADS NEXT YEAR

Kenosha county is going to expend at least \$38,000 for the improvement of highways in the county during the coming year at the meeting of the county board on Friday afternoon a levy of \$16,800 was voted for highway taxes and this will be sufficient to take care of all the appropriations made by the towns in the county and the "forced" appropriations brought as a result of money being raised among the property owners. The State Highway Commission has appropriated \$5,800 for Kenosha county for highways during the coming year, but A. R. Hirst, engineer of the board recently declared while in Kenosha that a special act would be asked from the legislature setting aside money enough to make up the deficiency in counties and that Kenosha county would eventually get from the state the same amount appropriated by the county. This will make a total of more than \$50,000 to be spent for highways in the county during the coming year. Of this amount the city of Kenosha will contribute \$9,400, and under the provisions of the state aid law none of this money can be spent within the limits of the city or any other incorporated town.

ONE KILLED IN AUTO ACCIDENT

Edward Ferry and Henry Sine Fatally Injured and Other Two Badly Bruised

FERRY LIVED SHORT TIME

Occupants of Car Were Thrown to Pavement When Auto Hits Pile of Frozen Cement in Front of New Building

One man was killed, another was fatally injured and two others were painfully hurt, when the automobile in which they were returning to their homes in Zion City struck an obstruction in the road just north of Ridgeland avenue on Sheridan road. The accident occurred at 5:30 o'clock Monday evening. The four victims of the accident are all prominent Zion City men and are:

Edward Ferry—Cement contractor; fractured skull, internal injuries; died at 1 a. m. in the hospital.

Henry Sine—Auctioneer; fractured skull and internal injuries; not expected to live.

James Ferry—Railway mail clerk; dislocated hip; body badly bruised; will recover.

J. S. Neal—Cement contractor; was bruised about the head and hip; will recover.

The injured men were removed to the hospital in the Conrad and Hart ambulance, the call having been sent in by George Powell. It was seen at once that Edward Ferry and Henry Sine were injured the most seriously.

When the ambulance arrived they were found lying in the center of the road where they had been thrown by the force of the concussion with the obstruction which an investigation showed to be an immense pile of frozen mortar which had been left in front of Dr. Bouton's new home. It is claimed that Oscar Sandstrom who has the contract for the work, left this mortar lying in the road about four feet from the curb without taking the precaution to place a red lantern on it. Mr. Neal was not obliged to be placed in bed although his injuries caused him to limp painfully. Mr. Edward Ferry died at 1 o'clock, a few hours later, without having regained consciousness. His family were with him to the last.

Mr. Neal, who is a partner of Edward Ferry in the cement contracting business in Zion City, Monday night at the hospital told the story of the accident.

He and James Ferry were sitting on the front seats of the machine while Mr. Sine and Edward Ferry were riding on the rear seat. They were returning to their homes in Zion, Mr. Ferry driving the car. Mr. Neal says it was not dark enough to light the headlights on the machine but says that the light from an arc lamp near the obstruction blinded them so that they could not see it. There being no red lantern in sight he says they had no thought of danger. He says that the machine was not going more than 10 or 15 miles an hour when the accident happened. Just before the shock he remembers of bracing his feet and thinks that possibly this prevented him from being as seriously injured as the other men. The next moment the crash came and the bodies of the four men went hurtling through the air as if they had been shot from a catapult. Striking the pavement caused all of them to lose consciousness.

After striking the mortar pile the machine careened to one side and ran fully 75 feet, coming to an abrupt pause when it struck a cement horse block. One of the wheels was crushed and the front axle of the car was broken and bent.

The four victims are all prominent residents of Zion City. Edward Ferry, who died, and James Ferry, who sustained a dislocated hip and other injuries are both sons of Hiram Ferry, Sr., one of the oldest pioneer residents of Benton township, and are brothers of Supervisor Hiram Ferry.

Mr. Sine is a well known auctioneer having conducted a number of farm auctions in the county, especially in Benton township. Mr. Neal has been in the cement contracting business for some time, being a partner of Edward Ferry.

BRITISH PROTEST UP

VIGOROUS VOTE ON CANAL TOLLS SENT TO SECRETARY KNOX BY ENGLAND.

TREATY VIOLATION CLAIMED

Formal Objection Made Against Exemption of Ships in American Coastwise Business—U. S. Debating Question.

Washington, Dec. 11.—The protest of Great Britain against the principle of free tolls for American ships in an American canal was filed officially here Monday with Secretary Knox, and simultaneously in the British parliament, the main points in the protest being that such free tolls are a clear violation of the Clayton-Bulwer and Hay-Pauncefote treaties.

The case of Great Britain was prepared by Sir Edward Grey, minister of foreign affairs, and was communicated to Secretary Knox by Mr. James Bryce, the British ambassador, accompanied by the counsel of the British embassy, Mr. Mitchell Innes.

It is only a fiction of diplomacy to say that the protest was made known here only now. The president has been aware of the protest, and has been considering it for some weeks, according to two of his cabinet officers, and he has had the answer under advisement.

Summarized, this government is from now on officially engaged on the solution of two questions arising out of the protest:

First—Whether it presents an arbitral question.

Second—Whether the United States will submit the matter to arbitration.

ROOSEVELT PROGRAM IS OUT

Colonel Outlines Policy at the Progressive Conference in Chicago—Party in Three-Day Session.

Chicago, Dec. 11.—Col. Theodore Roosevelt in Chicago Monday, in the first public utterance on political matters he has made since the election, outlined the Roosevelt program for the next four years as follows:

1. An irreconcilable fight to the bitter end with the Republicans.

2. No "trafficking or dickerings" with either of the old parties in the legislatures of the states which have elected Progressive members.

3. A uniform program of legislation, embodying all the pledges of the Progressive national platform, to be submitted to every legislature in which a Progressive member will have a seat.

4. Continued and unceasing assaults on the Republican party as an "organization of such a character that no honest man can be in it."

5. An immediate "smoking out" of all Republicans who profess a "lip loyalty" to the Progressive cause.

"Either make them show up or back up," said Mr. Roosevelt.

6. The writing into the laws of all states a provision for the recall of judicial decisions.

A conference, presided over by Representative Joseph M. Carter of Champaign, was the first formal occurrence of the three-day "pow-wow" of national "Bull Moose" leaders.

Colonel Roosevelt and the eastern delegation arrived at the Park Row station at 1:20 o'clock in the afternoon aboard the "Bull Moose special" on the Michigan Central road.

Five hundred admirers, led by Medill McCormick, greeted the colonel at the depot and escorted him to the Hotel La Salle. In the party also were Oscar Straus, Gov. Robert P. Bass of New Hampshire, Charles Bird of Massachusetts, Dr. Walter E. Weyl, Charles H. Thompson of Vermont, George L. Record of New Jersey and other leaders in the movement in the east.

Soon after reaching the hotel Albert J. Beveridge of Indiana called on the colonel and remained with him to luncheon.

Colonel Roosevelt showed no effects of the strenuous campaigning of the fall and the unfortunate attempt to assassinate him.

BLEASE IS CENSURED

GOVERNORS PASS RESOLUTION DENOUNCING SOUTHERNER.

South Carolian Defies All of Conference After Hot Attack in Defense of Convictions.

Richmond, Va., Dec. 9.—The governors' convention adjourned Friday night to meet again at Colorado Springs, Colo., next August, after the stormiest session on record.

The feature of the day's session was the passage of the O'Neal resolution censuring Governor Blease of South Carolina for his advocacy of lynch law and his declaration that the constitution of South Carolina could "go to hell."

The governor of Alabama introduced his motion at the close of the morning session and it immediately became the storm center of two factions, one favoring the resolution, the other opposing it because of its irrelevancy and because it censured a fellow member of the conference.

Governor Blease waited until the discussion was practically at an end. Then he arose and shouted:

"I have received four letters threatening my life—the authors say they will shoot me on sight. I don't care for them—I don't care for your resolution. Go ahead, censure me, repudiate me. I defy you. I will not retract one of my statements. When you are basking, forgotten in private life, I will be enjoying the plaudits of the people in the United States senate."

"When I said I never would order out the militia to protect the black brute who laid his desecrating hand upon a white woman I spoke the truth. I say it now again. That is my position, gentlemen, and if you don't agree with me, in the words of the great Virginian, 'go to it!'"

RECORD FOR CROPS

WILSON SAYS PRODUCTION OF FARMS THIS YEAR WILL TOTAL \$9,532,000,000.

CORN YIELD HOLDS LEAD

Secretary of Agriculture Estimates Value of Above Product at \$1,750,000,000—Hay Is Given Second Place—Farm Prices Lower Than in 1911.

Washington, Dec. 9.—The most productive year in the history of the United States has drawn to a close, according to the annual report of Secretary of Agriculture Wilson to the president, made public Friday.

Basing his figures on the census items of wealth production on farms, Secretary Wilson values the grand total of the 1912 crop at \$9,532,000,000. Besides the production of the soil, this amount includes the live stock output.

In commenting on the productivity of the past year in relation to those preceding Secretary Wilson said:

"The enormous sum represented by the crop output of the United States for 1912 is more than twice the value of the wealth produced on farms in 1899, according to the census, and it is about one-eighth more than the wealth produced in 1909. During the past 16 years the farmer has steadily increased his wealth production year by year, with the exception of 1911, when the value declined from that of the preceding year."

The report of the secretary was one of the most bulky ever submitted by the department of agriculture.

In addition to information of this nature, Secretary Wilson included a crop statement which showed that the corn yield held the lead. The estimated value of this product was \$1,750,000,000. The yield reached the high water mark of 3,169,000,000 bushels. Hay was given second place in the estimated figures. The yield was 72,425,000 tons, which was held to be worth \$861,000,000.

The report states that it is too early to estimate the production of cotton this year, but \$860,000,000 was placed as a possible figure for this crop. The wheat yield as estimated by the department, will be worth to the farmer \$596,000,000. Oats were placed as the fifth crop in order, the value being estimated at \$478,000,000. The value of the potato crop was placed at \$190,000,000; the barley crop at \$125,000,000; and tobacco at \$97,000,000.

The value of the 1912 flaxseed, rye, rice, buckwheat and hops crops were set at \$39,000,000, \$24,000,000, \$20,000,000, \$12,000,000 and \$11,000,000 respectively. The production of sugar from the beet was set at 700,000 tons.

Farm prices at which the crops of 1912 are valued have declined from the prices of 1911 in the cases of some important products. Barley has declined 36 per cent., corn 10 per cent., oats 25 per cent., rye 17 per cent., potatoes 43 per cent., hops 43 per cent., flaxseed 27 per cent., and beet sugar and cane sugar about 22 per cent. The price of the cotton crop of 1912 has gained about 13 per cent. and for the tobacco crop 7 1/2 per cent. Butter has increased 11 per cent. and milk nearly 5 per cent. Eggs have gained 16 per cent. and poultry about 1 per cent.

Washington, Dec. 9.—Because the Mexican federal government has shown itself unable to afford protection to Americans in Mexico, the war department Friday authorized General Steever, in command of troops on the border, to send quantities of carbines and ammunition to American ranchers and miners at Hermosillo, Sonora and Durango.

Mexico City, Dec. 9.—Rebel operations throughout Mexico were marked by several of the most daring outrages Friday.

A band of Zapatistas, enraged when the residents of the town of Valle de Bravo, in the state of Mexico, refused to send out to them nineteen young girls, rushed into the town and destroyed it, seizing everything of value. The residents had fled to the surrounding hills after refusing the demand of the rebels.

San Francisco, Dec. 10.—Dr. Sun Yat Sen, creator of the new China and former provisional president of the republic, whose existence is due more to his efforts than to those of any other man, is on his way back to America. His object is to raise one-third of a \$600,000,000 fund for the construction of an elaborate system of railroads.

IMPORTANT NEWS ITEMS

Carson City, Nev., Dec. 10.—Lieutenant Governor Ross, who was acting governor during absence of Governor Odell in Richmond, Va., who attended the conference of governors, has appointed John B. Thatcher of Tonopah, to succeed William Baker as attorney general of Nevada.

Hamilton, Bermuda, Dec. 10.—Governor Wilson has finished his vacation and got down to work, taking up his message to the New Jersey legislature as his first task. The governor will take up every plank of his platform to complete the message before he starts for home. The legislature convenes January 7.

Blue Mountain, Md., Dec. 10.—Two are known to be dead, two more are believed to have been crushed to death in wreckage and one man is dying as the result of a wreck on the Western Maryland railroad in which a passenger train running at high speed crashed into a freight train head-on on the top of Blue mountain.

Union, S. C., Dec. 10.—A distinct earthquake shock was felt at West Springs and Glenn Springs, near here, at 2:10 o'clock Sunday afternoon. Many persons rushed into the streets in alarm. No damage was reported.

New Orleans, Dec. 6.—After a visit here of nearly a week, the battleships Minnesota, Kansas, Michigan and South Carolina, under command of Rear Admiral Fletcher, weighed anchor Wednesday and sailed.

Lisbon, Portugal, Dec. 9.—Not fewer than eighty-two Portuguese fishermen lost their lives during a storm on the coast of Portugal Friday. The survivors suffered severe privation, being without food or water.

Blast Wrecks Chicago Launch. St. Louis, Dec. 10.—A launch owned by John Walsh, 9470 Ewing avenue, Chicago, was destroyed by an explosion Sunday. Walsh and two other occupants escaped drowning by swimming to shore.

Pigeon Files to England. Montreal, Dec. 10.—Ernest Robinson of Westmount received word that a pigeon he imported and which escaped had returned to England Sunday. It apparently took twelve days to make the journey.

A HIDDEN DANGER

It is a duty of the kidneys to rid the blood of uric acid, an irritating poison that is constantly forming inside.

When the kidneys fail, uric acid causes rheumatic attacks, headache, dizziness, gravel, urinary troubles, weak eyes, dropsy or heart disease.

Doan's Kidney Pills help the kidneys fight off uric acid—bringing new strength to weak kidneys and relief from backache and urinary ills.

A MICHIGAN CASE. Mrs. G. W. Burger, 408 Sherman Ave., Cornish, Mich., says: "The pains through the small of my back were so severe that sometimes I could not get out of a chair. If I stooped, I would nearly topple over. I had awful dizzy spells and my household work was a burden. Doan's Kidney Pills helped me from the first and continued use entirely cured me."

Rastus—Every night. I sleeps in a folding bed now, sah.

Lost Trousers Playing Poker.

William Verne appeared in a Detroit police court attired in a dress coat and some underwear—he had bet the trousers in a poker game the evening before and lost. His cash, his watch and his diamonds preceded the trousers into the "bank." The trousers were of good quality, so William bet several blue chips on them. But his luck didn't turn, and when he was cleaned out again he broke up the loan game by quitting. He begged the loan game to trousers to go home in, but the bank took no risks and declined. So William started in dress coat and underwear and was arrested.

Two Guesses.

"Well," said the proud father as the doctor entered the room, "what is it—a boy or a girl?"

"I'll give you two guesses, and even then you won't guess right," said the doctor.

"Tush! nonsense!" said the proud father. "Boy?"

"Nope," said the doctor.

"Ah—girl, then?" said the proud father.

"Nope," said the doctor.

"Ah—I know," said the proud father, sadly.—Harper's Weekly.

No Call for Anxiety.

The citizen put the solicited coin in the hand of the tramp.

"And now I want your assurance," he said, "that this money will not be used for any unworthy or unnecessary purpose."

The tramp drew back.

"You don't think I'm a minute that I'd waste it on food or clothes, do you?" he indignantly demanded.

NEVER TIRES

Of the Food That Restored Her to Health.

"Something was making me ill and I didn't know the cause," writes a Colo. young lady: "For two years I was thin and sickly, suffering from indigestion and inflammatory rheumatism."

"I had tried different kinds of diet, and many of the remedies recommended, but got no better."

"Finally, Mother suggested that I try Grape-Nuts, and I began at once, eating it with a little cream or milk. A change for the better began at once."

"To-day I am well and am gaining weight and strength all the time. I've gained 10 lbs. in the last five weeks and do not suffer any more from indigestion, and the rheumatism is all gone."

"I know it is to Grape-Nuts alone that I owe my restored health. I still eat the food twice a day and never tire of it." Name given by Postum Co., Battle Creek, Mich.

The flavor of Grape-Nuts is peculiar to itself. It is neutral, not too sweet and has an agreeable, healthful quality that never grows tiresome.

One of the sources of rheumatism is from overloading the system with acid material, the result of imperfect digestion and assimilation.

As soon as improper food is abandoned and Grape-Nuts is taken regularly, digestion is made strong, the organs do their work of building up good red blood cells and of carrying away the excess of disease-making material from the system.

The result is a certain and steady return to normal health and mental activity. "There's a reason." Read the little book, "The Road to Wellville," in pkgs.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest. Adv.

COULDN'T BE WORSE.

Percy—I haven't been quite myself of late, you know.
Kitty—Indeed? I hadn't noticed any improvement.

Plain Facts.

"Men are a lot of four-flushers."
"How now?"
"They tell a girl that all they want is to bask forever in the sunshine of her smile. And after marriage they expect her to cook, mend clothes, keep house and do an endless lot of plain hard work."

TIED BLOOD

SHATTERS THE NERVES

(Copyright 1912 by the Tonitves Co.)

Nervous Strain tires the blood, and Tired Blood starves the nerves, producing Neuralgia, Neuritis, Brain Fog, Nervous Headache, Melancholia, Hysteria, Sleeplessness, Nervous Prostration, Neurasthenia, Muscle Twitching, Nervous Debility, etc. The rational course of treatment to help any nerve, must be to revive the normal activity of the blood. In no other way can a nerve be reached, or a cure accomplished. Treatment should be carried out by the use of Tonitves, bringing back the red blood to its normal condition. 75c. per box of dealers or by mail. The Tonitves Co., Buffalo, N. Y.

New Way to Get Money.

There are many ways to get money from people, and in these days when it is often necessary to raise various sums for missionary and other church work, the ministers of the gospel make all sorts of moving appeals. But the preacher who takes the prize in this line of endeavor so far is an old colored man down south.

"We has a collection to take up dis mawm'n," he said; "a collection for a mos' important cause, an' we needs as much money as we kin git. But, foh de sake of your reputations, whichever of you stole Mr. Jones' turkeys don't put nothin' in de plate." That was how he got money out of every member of his congregation. —Popular Magazine.

Push Sale of Red Cross Seals.

The American Red Cross has already printed over 85,000,000 Red Cross Christmas seals and probably the edition will number 100,000,000 before the end of the campaign. If the anticipations of the anti-tuberculosis workers are realized, no less than \$400,000 will be obtained from the sale of Red Cross seals. Practically all of the money remains in the state or city where the seals are sold, only a very small percentage of it is going to pay for the cost of the printing and distributing the seals and for the expense of running the campaign.

In case any persons cannot obtain seals in the community where they live, they can secure them by writing to Red Cross Seal Headquarters, 715 Union Trust Building, Washington, D. C. Red Cross seals cost one cent each and every seal sold is a bullet in the fight against tuberculosis.

NIGHT OF TERROR

TWENTY-EIGHT RESCUED FROM STEAMER ATLANTIC AFTER HARROWING EXPERIENCE.

SHIP HELPLESS; LIGHTS OUT

Terrific Storms at Sea Cause Liners La Loraine, St. Paul and Minnetonka to Limp Into the Port of New York in a Battered Condition.

Baltimore, Md., Dec. 10.—Twenty-eight passengers, after drifting about the bay during Saturday night and early Sunday morning in a helpless ship without lights and hidden in the fog from other bay vessels, were rescued from the disabled steamer Atlantic of the Eastern Shore Development and Steamship company before dawn and brought to Baltimore by the old Bay Line steamer Virginia.

The passengers, including three women, were transferred to the Virginia by means of a small boat. The crew of the Atlantic remained with the vessel, which was towed to Annapolis.

The accident was due to a leakage of boilers and the long anxious wait of the passengers, from early in the evening until 4:30 o'clock in the morning, was made more perilous because of the fact that the stoppage of power cut off all lights on the disabled vessel, leaving her drifting in the path of bay boats in the foggy darkness.

New York, Dec. 10.—Combating turbulent weather all the way across the Atlantic the steamers La Loraine, St. Paul and Minnetonka came into port Sunday all showing marks of the damage done by the giant sea.

Plymouth, Dec. 10.—The American liner St. Louis from New York arrived here Sunday almost two days overdue. The delay to the boat was occasioned by a smashed piston rod which broke adrift and wrought havoc in the engine room during the fierce storm last Wednesday.

JURY FINDS AUERBACH GUILTY

Defendant Collapses When Verdict is Rendered—Case Will Be Appealed to High Court.

Baldwin, Mich., Dec. 10.—The jury in the case of Oscar N. Auerbach of Chicago, charged with the murder of his business partner, Harry W. Fisher, also of Chicago, supposedly to profit with Mrs. Fisher from the \$300,000 life insurance carried by Fisher, brought in a verdict of guilty of murder in the first degree Sunday. Auerbach collapsed when he heard the verdict, and has suffered a similar breakdown once since. The case undoubtedly will be appealed to the supreme court. The jury was out twelve hours.

Harry W. Fisher was shot on September 19 while in a field on the Auerbach-Fisher fruit farm, about seven miles from Baldwin. He and Auerbach had left the farm house in the morning, ostensibly on a hunting trip. Birds and rabbits were the only game in the neighborhood, yet they carried but one gun between them, and that a large caliber rifle, with only three or four rounds of ammunition.

Auerbach was the man who reported the shooting, explaining that it was accidental, he having stood the rifle against a tree to roll a cigarette and it having fallen and been discharged. Experts on gunshot wounds testified that the bullet entered Fisher's back at an angle impossible from a gun falling under the conditions described by Auerbach.

NEW MEAT SUPPLY

Washington Officials Say Reindeer Will Supplant Cattle.

Declare That in Less Than Twenty Years There Will Be 2,000,000 Animals Grazing in Alaska and Flesh Will Be Cheaper.

Washington.—Uncle Sam has undertaken many big problems of late in an effort to solve the mystery of the continued rise in the cost of food. But it is doubtful if any of them will have a greater effect on this vital question than the experiment to find a new meat supply. Every one agrees that the meat problem is the greatest of all. It was for this reason the government first undertook the experiment of raising reindeer on the barren slopes of Alaska. The scheme has now progressed far beyond the experimental stage, and the men who have charge of it say that reindeer beef will cut a big figure in the future supply of America.

Officials at Washington say that in less than 20 years, if the increase continues at the present rate, there will be more than 2,000,000 prime beef reindeer in Alaska, upon which the people of America can depend for much of their flesh diet in the future.

Reindeer meat is now considered a delicacy by epicures, and is only sold at leading hotels and restaurants. In flavor the meat is a cross between mutton and beef, but is even more palatable than either. Reindeer can be raised for the market much more cheaply than cattle, because they will thrive on wastes so barren that even goats would starve to death. Their principal food is the moss which grows only in the far north. There are more than 40,000 square miles of frozen tundra, or moss-covered ground, in Alaska now fit for nothing, but if the latest scheme of Uncle Sam's pans out as expected this immense territory will be available for reindeer ranches and can provide abundant pasturage for 10,000,000 or more of the animals.

About ten years ago Uncle Sam started his experiment of raising reindeer in Alaska with a herd of 1,200 animals. Now there are more than 30,000 in the same herd. At that time it was the hope of the authorities at Washington to aid the Eskimo and the native Indians of the north to be-

Monarch of Reindeer Herd.

come self-supporting citizens. That was and still is the basic idea of the whole experiment.

TEN-YEAR-OLD GIRL MARRIED

Husband, Who Is Twenty-three Years Old, Gives an Appropriate Present to Young Bride.

Thibodeaux, La.—Agnes Callahan, ten years old, was married the other day and quit the third reader class in the public school here. Her husband is Paul Dietz, twenty-three years old. The girl wore short dresses during the ceremony, but immediately after announced she would have the gowns lengthened as she was a married woman now. The priest who performed the ceremony was opposed at first on account of the age of the prospective bride, but because the parents of both of the contracting parties insisted that the wedding should take place he finally was prevailed upon to conduct the ceremony.

The bridegroom as wedding present to his youthful bride presented her with a huge doll. The wedding was the result of a courtship begun when the bride was a baby.

IS CAUGHT BY THUMB PRINT

Man Who Killed Girl in Germany Is Put Under Arrest After a Long Search.

Frankfort-on-the-Main, Germany.—The bloody imprint of a thumb upon the body of a girl stabbed to death has led to the detection and confession of the murderer here. Joseph Rupp was arrested for fighting in a saloon. Ever since the murder of the girl the police have examined the thumb prints of anyone arrested. Over 400 were on hand, but when Rupp's thumb print was taken it was quickly recognized as identical with that on the body of the girl. Confronted with it, he confessed. He had robbed the house and killed the girl to prevent alarm.

POINTED WAY TO SALVATION

Preacher's Advice Was All Right but His Friend Aka Had Something to Say.

Senator Samuel A. Ettelson, speaking recently at a banquet, told the following:

"A colored preacher stood up on a Sunday and said, 'My text this morning, brothers and sisters, am 'What shall I do to be saved?' To me there seems only one way to be saved, and that am to quit this here extravagant living. Back to the simple life, say I. There am going to be no chance for you to be saved so long as you keep up this high living. If there is anything that is going to kill our race it is these here luxuries. Better go hungry and cold like the crane. You will grow rugged and you will grow tough, but you'll walk like a man. Yes, sir, that am de way to salvation, that am de way to get saved.'"

"Just then a tall colored man, rising from his pew in the rear of the church, interrupted the preacher, shouting: 'This am no way to be saved shouting; This am no way to be saved. You just jump right through that back window and run just as fast as your legs will carry you, for the county sheriff am here with a warrant for your arrest for stealing them chickens from Massa Martin's coop last Friday night.'—Chicago Tribune.

RASH ON FACE FOR 2 YEARS

St. Louis, Mo.—"My trouble of skin disease started merely as a rash on my face and neck, but it grew and kept getting worse until large scabs would form, fester and break. This was just on the one side of my face, but it soon scattered to the other side. I suffered a great deal, especially at night, on account of its itching and burning. I would scratch it and of course that irritated it very much. This rash was on my face for about two years, sometimes breaking out lots worse and forming larger sores. It kept me from sleeping day or night for a couple of months. My face looked disgraceful and I was almost ashamed to be seen by my friends.

"A friend asked me to try Cuticura Soap and Cuticura Ointment. I would bathe my face with hot water and a lot of Cuticura Soap, then I would put on the Cuticura Ointment. In less than two days' time, the soreness and inflammation had almost entirely disappeared, and in four weeks' time you could not see any of the rash. Now my face is without a spot of any kind. I also use them for my scalp and hair. They cured me completely." (Signed) Miss Pansy Hutchins, Feb. 6, 1912.

Cuticura Soap and Ointment sold throughout the world. Sample of each free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. L, Boston." Adv.

Transmigrating Turkey.

"The only time I ever believed in the transmigration of souls was one frosty November afternoon on my Indiana farm."

The speaker was George Ade, the humorist. He continued: "It was a day or two before Thanksgiving. The trees were bare. The fields were a russet brown color. Toward me over those russet fields strutted a very plump, very large, very young turkey.

"Then it was that an ardent belief in the doctrine of metempsychosis seized me.

"You, I said to the superb bird, 'you are now a turkey. And you will die tomorrow. But, cheer up. Your next transmigration will be into the body of a humorist not unknown to fame.'"

I, M. S. Miller, a Justice of the Peace within and for the county of Lake and State of Illinois, do hereby certify that on the 27 day of November 1912, one John H. Forbes of Lake Villa, said county; made complaint in my court vs. William VanPatten, John Doe and Richard Roe, charging said parties with the Larceny of some fowls (known as Ducks) That in pursuance of said charge my warrant issued; Mr. Wm. Van Patten was apprehended, cause continued on motion defendant; That afterwards to wit on the 3rd day of December 1912, Mr. VanPatten appeared in court together with John Doe who answered to John Doe. Mr. Doe admitted that he alone took the property of Mr. Forbes and that Mr. VanPatten had nothing to do with the taking of the ducks. Thereby exonerating Van Patten from any wrong doing in the premises of the case.

Result was that Mr. Wm. VanPatten was discharged, as being blameless; Doe was assessed a small fine, and costs of the case, the costs Doe paid. Mr. Doe also paid for the ducks, the fine was remitted, by the court.

The above is the whole story fully stated.

Physician—"You should seek a higher altitude." Patient—"It always gets me dizzy to travel by airship."

Matter of Doubling.

Oliver Wendell Holmes was a classmate of Doctor Clarke at Harvard, and according to the reminiscences of the latter, the Autocrat of the Breakfast Table was as witty then as later. One day the two were talking of metaphysics, when the bright-tongued little great man exclaimed, "I'll tell you, James, what I think metaphysics is like. It is like a man splitting a log. When it is done he has two more to split!"

Could Folly Go Further?

A very small dog created a great stir in the streets of Paris a few days ago. A blip pet dog was seen in the Champs Elysees with a lady. It was wearing indiarubber boots laced high up the leg, ear protectors, goggles to shield his eyes from cold or mud, and a raglan overcoat lined with thick flannel and provided with a pocket from which projected a tiny handkerchief with a monogram.

Enormous Flocks of Sheep.

Recent official figures placed the number of sheep in Australia and New Zealand in excess of 117,000,000, the greatest number in 18 years.

Still Admired the Ring.

A few days ago Maud, who was a little jealous of Ethel, said: "When you broke your engagement with Jack, of course you returned the diamond ring he gave you?" Ethel answered promptly. "No, and I don't intend to, either. I don't care for Jack any more, but my feelings have not changed toward the ring."—National Monthly.

The Sabbath.

A world without a Sabbath would be like a man without a smile, like a summer without flowers and like a homestead without a garden.—Beecher.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY.

The Globe is Waukegan's Greatest Christmas Store

The Globe is pre-eminently the gift store of Waukegan. Its numerous departments afford the widest range for selections; its vast assortments provide satisfactory choosing, while the elaborate displays at every hand render an able assistance in the way of suggestions to those who are in doubt as to what to give.

Gifs for Men, Women and Children

No matter how many gifts you have to buy, who they are for, or what they comprise, you'll find them at the Globe and in such an abundant variety that the giving problem will be solved in quicker time and with greater satisfaction than you ever expected.

The Opening of Toyland

Jolly Old Santa is coming with Mutt and Jeff
To Formally Open Toyland to the Boys and Girls

We want every boy and girl in this locality to plan on being at the Globe Saturday morning at 8:40 for Santa Claus will arrive here at that hour accompanied by his two friends Mutt and Jeff. We want every child to hear his speech about the North Pole, which he will deliver in front of the store. After the speech he will take you into Toyland—the happiest and most interesting spot in the whole town. He will show you many wonderful things and present each boy and girl with a soapless bubble blower as a souvenir, which will make colored bubbles as big as your head.

Every Parent is Especially Invited to Attend

Come right along with the children for you will enjoy the fun and be interested in our great display. Over one-half of our big basement is filled to overflowing with toys, dolls, games and books, to make a Merry Christmas for the little ones.

HOLIDAY GREETING

Great Preparations Have Been Made Here for the Holiday Business

We have been working for months past searching, buying and preparing for holiday business. Every effort has been put forth to collect together the best and newest things in Ladies' and Children's apparel and dress accessories with the result that we expect to startle you a little in many instances with some strikingly different things than you have or will see elsewhere. In other words, if you buy gifts here for your lady friends you will be assured that you are giving them that which is correct and distinctive. And remember that we will, of course, give you unusually big values, which are never excelled. The most useful, substantial and appreciated gifts for women, boys and girls will come from here.
